## How to Save PDF Files on iPad?

October 25, 2012 Admin iPad, 1

Just get a new iPad? New iPad users might want to know how to save PDF files on their iPad tablet. There are many PDF documents on the web nowadays. iPad is a good PDF reader. Sometimes you need to download and save PDF files from Email attachment or from the Internet, check out below iPad tips.

### Steps to Save PDF on iPad

1. Tap the PDF file in your Email or from a website to open it. Your Safari browser for iPad should be able to open the PDF file selected.
2. When the PDF file is loaded in your Safari browser window, tap on the PDF page to reveal the Opening options that should show up at the top of the browser window.
3. Tap the Open option from the popup dialogue and select to use iBooks app to open the PDF file.

When you open a PDF with iBooks, iBooks saves a copy to its library. So the next time you need to read the PDF file, you can simply open your iBook app on the iPad and find the PDF saved the last time.
